The Neonatal-Perinatal Medicine Team
at Children's Health℠

BEST CHILDREN'S HOSPITALS U.S.News & WORLD REPORT NEONATOLOGY 2020–21

Our comprehensive Neonatal-Perinatal Medicine program touches more than 2,000 lives each year, nurturing babies in a 47-bed Level IV NICU at Children's Health, and virtually at partner sites utilizing one of the nation's first TeleNICU programs. From neonates in the FETAL Center to follow-up care in the Thrive program, the multidisciplinary team of UT Southwestern neonatologists, pediatricians, sub-specialists, as well as social workers, chaplains, psychologists, dietitians and child life specialists, provides expert care, fetus to five.

Neonatologists

Rashmin Savani, MBChB

Sushmita Yallapragada, M.D.

Noorjahan Ali, M.D.

Dimitrios Angelis, M.D.

Asya Asghar, M.D.
