

Virtual Lunch and Learn Webinars

For Continuing Medical Education (CME) Credits

Children's National Hospital welcomes you to participate in our Virtual Lunch and Learn Series. This series is part of our continued commitment to bring the latest, most relevant medical news to community providers and referring specialists. These Virtual Lunch and Learn webinars are available to watch after the live session at your convenience.

All sessions are eligible for CME credit within 90 days of their presentation date.

Visit [ChildrensNational.org/webinars](https://www.childrensnational.org/webinars) for more information.
