## Fourth Year (M-4) Electives

## Fourth Year (M-4) Electives

St. Jude Children's Research Hospital is a world-renowned children's hospital located in Memphis, TN. St. Jude has been named a U.S. News and World Report Best Hospital for Pediatric Cancer and specializes in treating childhood cancer and other life-threatening diseases. Clinical electives at St. Jude give medical students the unique opportunity to learn from some of the world's best physicians and experience the St. Jude mission: Finding Cures, Saving Children.

Fourth year medical students from LCME-accredited medical schools who have completed a pediatric clerkship can apply for clinical elective rotations in several pediatric specialties. Both two or four-week elective options are available. Students are encouraged to apply as early as possible to secure their first choice of rotation dates. The application can be found on the St. Jude website ([www.stjude.org](http://www.stjude.org)) or by contacting the Clinical Education and Training Office at [ceto@stjude.org](mailto:ceto@stjude.org).

## Electives are offered in the following specialties:

- Pediatric Anesthesia/Pain Management
- Pediatric Bone Marrow Transplantation and Cellular Therapy
- Pediatric Hematology/Oncology
- Pediatric Infectious Diseases
- Pediatric Intensive Care Unit
- Pediatric Neurology
- Pediatric Palliative Care and Quality of Life
- Pediatric Radiation Oncology
- Pediatric Surgical Oncology
