Electives**

# Resident Electives

St. Jude Children's Research Hospital is a world-renowned children's hospital located in Memphis, TN. St. Jude has been named a U.S. News and World Report Best Hospital for Pediatric Cancer and specializes in the treatment childhood cancer and other life-threatening diseases. Clinical electives at St. Jude give residents the unique opportunity to learn from some of the world's best physicians and experience the St. Jude mission: Finding Cures, Saving Children.

Residents from ACGME-accredited programs can apply for clinical elective rotations in several specialties. Rotations offer trainees the unique opportunity to learn at an esteemed children's research hospital with state-of-the-art facilities and internationally recognized physician-scientists. Additionally, because the research labs and patient care areas are all on the same campus, trainees will gain an understanding of how scientific discoveries are translated into curative therapies for children with cancer and other catastrophic childhood diseases.

Both two or four-week electives are available. Applicants are encouraged to apply as early as possible to secure their first choice of rotation dates. Please visit the St. Jude website ([www.stjude.org](http://www.stjude.org)) for more information or contact the Clinical Education and Training Office at [ceto@stjude.org](mailto:ceto@stjude.org) for an application.

# Electives are offered in the following specialties:

- Pediatric Anesthesia/Pain Management
- Pediatric Bone Marrow Transplantation and Cellular Therapy
- Pediatric Hematology/Oncology
- Pediatric HIV
- Pediatric Infectious Diseases
- Pediatric Intensive Care Unit
- Pediatric Neurology
- Pediatric Palliative Care
- Pediatric Radiation Oncology
- Pediatric Radiology
- Pediatric Surgical Oncology
