

Fellowships at NewYork-Presbyterian/ Weill Cornell Medical Center

NewYork-Presbyterian Komansky Children's Hospital and NewYork-Presbyterian/Weill Cornell Medical Center in collaboration with Weill Cornell Medicine offer fellowships for advanced training in 13 specialty areas. Our fellowship programs are accredited by the Accreditation Council for Graduate Medical Education (ACGME) and emphasize clinical and academic aspects of pediatric medicine to prepare fellows for leadership roles in patient care, education and research.

At NewYork-Presbyterian/Weill Cornell, pediatric fellows gain extensive clinical experience in our busy inpatient units and outpatient practice. Case conferences, journal clubs, educational seminars and other education sessions help trainees become familiar with the most current literature and treatments within their subspecialty. There are numerous opportunities for outstanding research experiences and mentorship. Fellows have opportunities for rigorous formal and informal clinical, translational, and basic research training in a wide variety of areas within the Division, Department, and Medical College, including our affiliated tri-institutional research centers, Rockefeller University, Memorial Sloan Kettering Cancer Center (MSKCC), and Hospital for Special Surgery (HSS). Many fellows present their research at regional and national conferences

PROGRAM CONTACT INFORMATION

Pediatric Cardiology

Joint program with NYP Morgan Stanley Children's Hospital

Jeffrey Dayton, MD, Associate Fellowship Director (NYP Komansky Children's Hospital)

Email: jed9031@med.cornell.edu
Office: 212-746-3561

Pediatric Critical Care Medicine

Christine L. Joyce, MD, Fellowship Director

Email: clj9014@med.cornell.edu
Office: 212-746-3056

Pediatric Emergency Medicine

Including Global Health Medicine Track

Yaffa Vitberg, MD, Fellowship Director

Email: ymv9001@med.cornell.edu

Yvonne Wright, Program Administrator

Email: yvw2004@med.cornell.edu
Office: 212-746-0780

Pediatric Endocrinology

Oksana Lekarev, DO, Fellowship Director

Email: okl9003@med.cornell.edu

Koree Richardson, Program Coordinator

Email: kor2005@med.cornell.edu
Office: 646-962-2030

Pediatric Gastroenterology & Nutrition

Aliza Solomon, DO, Fellowship Director

Email: als9047@med.cornell.edu
Office: 646-962-3869

Pediatric Hematology/Oncology

Joint program with Memorial

Sloan Kettering Cancer Center

Catherine E. McGuinn, MD, Fellowship Director (NYP Komansky Children's Hospital)

Office: 212-746-3400

Pediatric Hospitalist Medicine

Joint program with NYP Morgan Stanley Children's Hospital

Brooke Spector, MD, Associate Fellowship Director (NYP Komansky Children's Hospital)

Email: bis9013@med.cornell.edu
Office: 212-746-3131

Medical Genetics

Joint program with Memorial Sloan Kettering Cancer Center

Christopher Cunniff, MD, Fellowship Director (NYP Komansky Children's Hospital)

Email: cmc9039@med.cornell.edu
Office: 646-962-2205

Neonatal-Perinatal Medicine

Vivien L. Yap, MD, Fellowship Director

Email: vly9001@med.cornell.edu

Diane Murray, Program Coordinator

Email: dmcava@med.cornell.edu

Nazera Pasha, Program Coordinator

Email: nap2009@med.cornell.edu
Office: 646-697-6428

Pediatric Neurology (Residency)

Devorah Segal, MD, Director

Gail Forde, Program Coordinator

Email: gforde@med.cornell.edu
Office: 212-746-3321

Pediatric Pulmonology

Elizabeth K. Fiorino, MD, Fellowship Director

Email: ekf9002@med.cornell.edu
Office: 646-962-3410

Maria Vukotic, Program Coordinator

Email: mav2018@med.cornell.edu

Pediatric Rheumatology

Offered through our affiliate, Hospital for Special Surgery

Alexa B. Adams, MD, Fellowship Director

Email: adamsa@hss.edu
Office: 212-774-2083

Primary Care Sports Medicine

Offered through our affiliate, Hospital for Special Surgery

James J. Kinderknecht, MD, Fellowship Director

Email: kinderknechtj@hss.edu

Jeff Jean-Pierre, Program Coordinator

Email: jeanpierrej@hss.edu
Office: 212-606-1556

Fellowships at NewYork-Presbyterian/ Columbia University Irving Medical Center

The Department of Pediatrics at NewYork-Presbyterian/Morgan Stanley Children's Hospital and NewYork-Presbyterian/Columbia University Irving Medical Center has more than 80 postdoctoral trainees in subspecialty training programs accredited by the Accreditation Council for Graduate Medical Education (ACGME).

Our fellowships have a particular focus on scholarly pursuits, and fellows are able to work with established mentors in their fields who encourage and assist their research endeavors and provide valuable feedback. Fellows' research efforts are also supported and guided by members of the Scholarly Oversight Committees.

At NewYork-Presbyterian/Columbia, pediatric fellows benefit from exposure to a wide variety of patients and conditions across care settings. This provides a solid foundation in clinical care as well as experience caring for some of the most acute and complex patients in the world. Fellows take ownership of their patients and are well supervised and given progressive autonomy. To complement their clinical learning, the department has a well-established tradition of encouraging fellows to participate in local and national activities, and offers fellows an array of conferences, journal clubs, research opportunities, and core educational seminars in addition to the curriculum within their specific programs.

Each spring, senior fellows are invited to submit their research for consideration for research awards. All of the senior fellows present their work at a poster session, attended by faculty and fellows, and those whose work is particularly outstanding are awarded the Oberfield Prizes in Basic, Translational and Clinical Research.

The Department of Pediatrics remains deeply committed to helping talented young physicians develop their academic careers and takes great pride in watching the progress of the department's graduates.
