**JAMA Pediatrics,**  
established in 1911  
and the oldest pediatric  
journal in the world,  
publishes innovative,  
clinically relevant  
research on the health  
of children and  
adolescents.

## Prompt Decisions & Rapid Publication Timelines

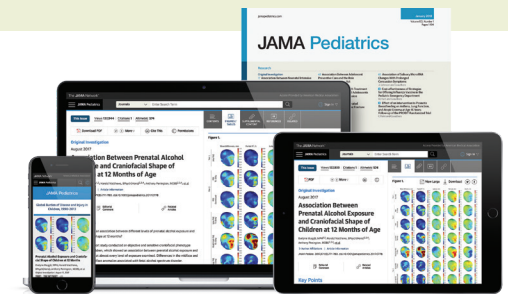

- **Highly selective peer review** and editorial evaluation, with 10% acceptance rate for all submissions
- **Median time to first decision:** 2 days; with review, 39 days
- **Online First** publication of all articles

## Author Service

- **User-friendly** manuscript submission system and process
- **Prompt, expert review** and consideration from our experienced editors
- **Highest standards** followed to improve your accepted manuscript's accuracy, reliability, and readability
- **CME credit** available for lead authors
- **Opportunity** for your work to be augmented with expert illustration, interactive features, video, audio, and visual abstract
- **Number of citations**, Altmetric score, page views, and PDF downloads tracked for your published article
- **Free access:** Research articles are free 12 months after publication
- **Open access:** Authors of research articles may elect to pay for immediate open access on the day of publication
- **Direct deposit to PubMed Central:** All research articles deposited directly in PubMed Central (PMC) for authors
- **Online extras:** Ability to post supplemental content online and download your article's tables and figures as PowerPoint slides
- **The JAMA Network advantage:** Authors of papers not accepted by *JAMA Pediatrics* may have the option to have their papers and reviewers' comments automatically referred to one of the other JAMA Network Specialty Journals and/or *JAMA Network Open*
- **Dedicated media team** to promote your article to the news media and on social media

**Published since 1883, JAMA offers unparalleled reach and an author-friendly approach from manuscript submission through publication. JAMA reaches physicians, other health professionals, researchers, policy makers, librarians, journalists, and others interested in medicine and public health throughout the world.**

## Prompt Decisions & Rapid Publication Timelines

- **Median time to first decision:** 2 days; with review, 31 days
- **Fast publication:** Median time from acceptance to online publication is 14 days for research manuscripts
- **Highly selective:** 6% acceptance rate of 21,600 annual submissions; 2% acceptance rate of 11,700 research papers
- **Expedited peer review and online publication** for select clinical trials, other major studies, or reports with urgent public health importance
- **Coordination with meeting presentation:** Opportunity to publish new research simultaneously with your presentation

## Author Service

- **User-friendly** manuscript submission system and process
- **Prompt, expert review and consideration** from JAMA's experienced editors
- **Highest editorial standards** and services to improve your accepted manuscript's accuracy, reliability, and readability
- **CME credit** available for lead authors
- **Opportunity** for your work to be augmented with expert illustration, interactive features, video, audio, and visual abstract
- **Number of citations, Altmetric score, page views, and PDF downloads** tracked for your published article
- **Author video and audio interviews** of selected articles
- **Free access:** Research articles are free 6 months after publication
- **Direct deposit to PubMed Central:** All research articles deposited directly in PubMed Central (PMC) for authors
- **The JAMA Network advantage:** Authors of papers not accepted by JAMA may have the option to have their papers and reviewers' comments automatically referred to one of the JAMA Network Specialty Journals and/or JAMA Network Open
- **Dedicated media team** to promote your article to the news media and on social media
